|--|--|
| Monday, 4/19 Noon-2 p.m. Campus Center | Earth Fest Test Get a team together and prepare for some tough competition in this environmental challenge! If you know your stuff you can win some green. The top three teams will receive cash prizes! You must register in advance to be eligible for prizes. Contact Nora Dillon at ext. 8555 to register. |
| Monday, 4/19 5 - 9 pm Observatory | Trip to the Keystone Observatory Take a trip to Keystone's own astronomical observatory to check out some "cosmic" sightings. Objects to be viewed include: the moon, Venus, Mars, Saturn, star clusters, nebulae, and galaxies! Sponsored by Student Activities Center. Contact Lucilia Lopes for more information at ext. 8258. |
| Tuesday, 4/20 2 pm | Tree Planting on Keystone's Campus This event is jointly sponsored by the Eco Club and the BIO 109 Horticulture class. Join them as they plant trees around the campus in honor of Earth Week. Contact James Wassell for more information: jwassell@keystone.edu . Meet in front of Capwell Hall. |
| Tuesday, 4/20 6 pm | Interpretive Nature Trail Hike Come for a hike with the Eco Club to check out one of the three different interpretive trails right here on Keystone's Woodlands Campus. <i>Please wear comfortable clothes and sneakers.</i> Contact James Wassell for more information: jwassell@keystone.edu . Meet in front of Capwell Hall. |
| Wed, 4/21 1 pm | Tunkhannock Creek Clean-up Help tidy up a section of the Tunkhannock Creek behind Moffat Hall that needs some attention. <i>Please wear comfortable clothes and sneakers.</i> Contact James Wassell for more information: jwassell@keystone.edu . Meet in front of Capwell Hall. |
| Wed, 4/21 Bailey Field | Ultimate Frisbee Tournament Show off your skills in this game of friendly competition. Please contact Jason Geadrities for more information at ext. 8526 |

Earth Day

All day long Sodexo Food Service will be featuring: local, farm fresh veggies, cage-free eggs, all-vegan food selections, recyclable mugs, and T-shirt giveaways!!

| | |
|--------------------------------|---|
| Thursday, 4/22 8 am - 7 pm | E-CycleII Part 1 Have an old computer monitor or other accessories laying around and don't know what to do with them? Recycle your old computers and computer related peripherals at this day-long event. Contact Sodexo Facilities for more information at ext. 8037. This will be held in the parking lot behind Frear/Reynolds Hall. |
| Thursday, 4/22 11 am - 3 pm | Make Your Own Lucky Bamboo A perfect addition to your dorm room!! Contact Student Activities for more info at ext. 8258. This event will be held in the Giant's Den. |
| Thursday, 4/22 Noon-2 pm | Commuter Recycling Challenge: All Of That Was In My Car?! Commuter students, stop by the west end of Main Lot P (across from Davis Hall) to see how much of the trash in your car is actually recyclable! The student with the most recyclable trash by volume in their car will win a \$50 gas card. Sponsored by Office of Commuter Life. Contact Wendy Kramer for more details at ext. 8442. |

Children's Center Earth Week Celebration

You're never too young to be GREEN! This week the children will: learn the three R's (reduce, reuse, recycle); take home seedlings to plant from the Wyoming County Conservation District; pick up litter around the Children's Center; make artwork with items from nature; and learn to sort recyclable material! Contact the Children's Center for more information at ext. 8260.

|--------------------------------------|---|
| Thursday, 4/22 12:15 pm | Factoryville Shade Tree Commission--Tree Planting in Factoryville Help beautify downtown Factoryville by planting trees in honor of Earth Day! Meet at Patrick Hall. For more information contact Maria Fanning at ext. 8167 |
| Thursday, 4/22 1 pm | Campus Clean-Up Help keep our campus clean! Gloves and trash bags will be provided. <i>Please wear comfortable clothes and sneakers.</i> For more information contact Owen Conaghan at ext. 8389. Meet at Baseball Field. |
| Thursday, 4/22 7 pm Evans Hall | Restoring Endangered Seabirds: Lessons from Puffins and Terns Dr. Stephen Kress, Director of National Audubon Society's Seabird Restoration Program, will review how techniques developed on Maine islands have led to the restoration of puffins and terns to historic nesting islands in the Gulf of Maine. Dr. Kress will also discuss how techniques developed in Maine are helping seabirds worldwide. His lecture includes reviews of several case studies in seabird restoration including restoration of Common Murres in California to an historic nesting island near San Francisco, relocation of a Caspian Tern colony in the Columbia River estuary to reduce predation on salmon smolt, and efforts to save the endangered Bermuda Petrel from rising oceans and increased frequency of hurricanes. |
